

- Scopus-ში მოხვედრილი სტატიები (ბოლო 10 წელი)

- 1. Theory of universal approach to improve predictive models using parallel data and application examples

Prangishvili, A., Gasitashvili, Z., Pkhovelishvili, M., Archvadze, N.

AIP Conference ProceedingsThis link is disabled., 2023, 2757, 020004

- 2. Analysis of earthquake prediction models to obtain the best model

Pkhovelishvili, M.G., Archvadze, N.N., Nikoleishvili, M.M.

Geologiya i Geofizika Yuga RossiiThis link is disabled., 2023, 13(1), pp. 162–172

- 3. MULTIFACTORIAL EMERGENCY FORECASTING METHODS

Aliyev, V., Gasitashvili, Z., Pkhovelishvili, M., Archvadze, N., Shetsiruli, L.

Reliability: Theory and ApplicationsThis link is disabled., 2023, 18(Special Issue 5), pp. 89–95

- 3. Hybrid Prediction Method Using Experts and Models

Aliyev, V., Pkhovelishvili, M., Archvadze, N., Gasitashvili, Z., Tsiramua, Z.

2023 5th International Conference on Problems of Cybernetics and Informatics, PCI 2023, 2023

- 4. Optimization of Expert Solutions for Events Forecasting

Pkhovelishvili, M., Archvadze, N., Shetsiruli, L.

Proceedings - 2023 International Conference on Control, Artificial Intelligence, Robotics and Optimization, ICCAIRO 2023, 2023, pp. 82–85

- 5. ALGORITHM FOR BUILDING A HYBRID MODEL OF THE EXISTING RISK MODEL

Aliyev, V., Gasitashvili, Z., Pkhovelishvili, M., Archvadze, N.

Reliability: Theory and ApplicationsThis link is disabled., 2022, 17, pp. 106–110

- 6. Peculiarities of the Hybrid Model Built Using Parallel Data

Phkhovelishvili, M., Archvadze, N., Gasitashvili, Z.

Proceedings - 2022 7th International Conference on Mathematics and Computers in Sciences and Industry, MCSI 2022, 2022, pp. 66–70

- 7. Predicting Events by Analyzing the Results of the Work of Predictive Models

Prangishvili, A., Gasitashvili, Z., Pkhovelishvili, M., Archvadze, N.

Communications in Computer and Information ScienceThis link is disabled., 2022, 1562 CCIS, pp. 64–78

8. REDUCING RISKS through IMPROVEMENT of PREDICTION MODELS

Gasitashvili, Z., Pkhovelishvili, M., Archvadze, N.

Reliability: Theory and Applications [This link is disabled.](#), 2022, 17, pp. 197–202

9. Prediction of events means of data parallelism

Gasitashvili, Z., Pkhovelishvili, M., Archvadze, N.

Proceedings - Mathematics and Computers in Science and Engineering, MACISE 2019, 2019, pp. 32–35, 8944725
