

List of works Medea Dzekonskaia 2009-2023:

1. M. L. Dzekonskaia "Production of dry beer wort concentrate"; Georgian engineering news, «Universal», Tbilisi, № 2, 2009, pg. 201-203.
2. M. L. Dzekonskaia "Production of dry beer wort concentrate"; Georgian engineering news, «Universal», Tbilisi, № 3, 2009, pg. 270-272.
3. M. L. Dzekonskaia - "Cellobiose regulator of the activity of endoglucanases of cellulase complexes of the regulation mechanism"; Technical University of Georgia "Collection of works", publishing house "Technical University", Tbilisi, N 2 (488), 2013, pp. 65-67.
4. M. L. Dzekonskaia - "On the issue of enzymatic hydrolysis of cellulose"; Technical University of Georgia "Collection of works", publishing house "Technical University", Tbilisi, N 2 (488), 2013, p. 67-70.
5. M. Dzekonskaia - "Transformation of lactic acid in secondary alcoholic fermentation", Technical University of Georgia "Collection of Works", Publishing House "Technical University", Tbilisi, N 1 (487), 2013, p. 65-67.
6. M. Dzekonskaia - "Conversion of citric acid by yeasts in secondary alcoholic fermentation", Technical University of Georgia "Collection of works", publishing house "Technical University", Tbilisi, N 1 (487), 2013, p. 68-70.
7. M. L. Dzekonskaia - "Sanitary and hygienic control and disinfectants used in fermentation - beer production"; Technical University of Georgia "Collection of works", publishing house "Technical University", Tbilisi, N 4 (490), 2013, p. 65-67.
8. M. Dzekonskaia - "Chemical composition of water of beer production plants", Technical University of Georgia "Collection of works", publishing house "Technical University", Tbilisi, N 4 (490), 2013, p. 68-70.
9. M. Dzekonskaia - "Technology of Beer and Non-Alcoholic Beverages", Basic Guide, "Iverion" Publishing House, Tbilisi, 2013, p. 80.
10. M. Dzekonskaia - "Discussion and examination of the process of plastering in the production of light colored beer"; Georgia Scientific-Practical Congress - "Innovative technologies for the production of functional food products", "Collection of Works" Publishing House, Kutaisi Technical University, Kutaisi, (450), 2015, p. 370-373.
11. M. Dzekonskaia - "Influence of the quality of malting on the technological process of beer", Georgian Chemical Journal, "Universi" publishing house, Tbilisi, vol. 15, N. 2, 2015, p. 115-117.

12. M. Dzekonskaia - "Study of the variation of diacetyl alcohol concentration during the maturation of light colored beer", Georgian Chemical Journal, Publishing House "Universi", Tbilisi, Vol. 16, 2016, p. 182-184.
13. M. Dzekonskaia - "Study of the properties of enzymes and their use in the technological process of beer containing barley", Journal of the Association of Ceramicists of Georgia "Keremika", publishing house "Technical University", Tbilisi, vol. 18, 2. (36), 2016, p. 54-59.
14. M. Dzekonskaia "Effect of iso ascorbic acid on light colored beer", Technical University of Georgia (printing)
15. M. Dzekonskaia "Study of the effect of alginate on the preservation of beer foam", Technical University of Georgia (printing)
16. M. Dzekonskaia "Comparison of the use of different devices during beer filtration and their effect on the quality of beer", Technical University of Georgia (printing)
17. M. Dzekonskaia "The use of herbal additives in the technological process of beer and its effect on the chemical parameters of beer", Technical University of Georgia (printing)
