List of scientific works

Nº	Title of scientific works	Publishing house magazine (number, year) or copyright certificate number	Printed plate or Number of pages	Last name of the co-author
1	On the strength and stability of pressure tunnels Automation of calculation.	Scientific and technical magazine "MShenebloba", #3(63) 2022	pp. 40-45 6	A. Buachidze
2	Numerical solutions of stability problems.	II International Symposium of Stu. 2019	Seismology and engineering seismology, report essays, Tbilisi, p. 94.	N. Todua, G. Nozadze.
3	Seismic Impact and Antiseismic Measures of Buildings	15th International Conference, Technucal University of Ostrava.	Modelling in Mechanics 2017.	G. Kipiani, A. Pareshishvili, n. Chachkhiani, V. Sulashvili.
4	Some protective measures against catastrophic earthquake events.	Scientific-technical journal "Construction". 2017 #2(45)	pp. 77-82 6	M. Bediashvili, G. Kifiani.
5	Mode of deformation of compressed plates with cuts.	Problems of mechanics. 2016. #4(65)	p. 65-69. 5	G. Kipiani, G. Rekhviashvili, N. Chorkhauri.
6	Stability of a homogeneous contact-supported plate under compression by a uniformly distributed load in two directions.	Scientific and Technical Journal "Construction", Tbilisi.	p. 22-27.	Kipiani G.O., Todua N.N., Nozadze G.G.

7	Anti-seismic measures of buildings and some aspects of earthquake protection.	Culture and technologies. 2016 .	6	V. Sulashvili, N. Ch Achkhiani.
8	Mode of deformation of compressed plates with cuts	International Scientific Journal Problems of mechanics ISSN 1512-0740, №4(65)/2016. წ .	5	ნ.ჩორბაული, გ.ყიფიანი, რეზვიაშვილი.
9	Mode of deformation of double curvature depressed shell with cut.	Problems Of mechanics. 2011წ. N4(45)/2011.	7	F.Verulashvili, G.Kipiani.
10	Research of stability of plate's with cuts, compresses by opposite edges.	Problems of mechanics. 2010წ. # 4(41), Tbilisi	p.119125. 6	G.Kipiani, G.Nozaдзе, N.Todua.
11	Features of programming the listed implementation of the algorithm for calculating nonlinear deformed shells with kinks.	Georgian Automobile and Road Institute. 2007.	p.188.	Dolidze K.D., Kipiani G.L.
12	Metal perforated thin-walled groove Determining the deflection in a profiled cantilever coil.	Scientific and technical journal. "construction". 2008 #4(1), Tbilisi,	pp. 41-46 6	I. Melashvili, G. Nozaдзе, M. Khutsishvili, N. Todua.
13	Distribution of stresses in bodies in the case of unilateral loads.	Scientific and technical journal "Construction BA". 2008 #2(9), Tbilisi.	pp. 44-50 6	N. Berishvili, Kh. G. Orjoladze.
14	Determining the stress-deformed state at a point during uniform stretching-compression	Gtu, "Construction". 2006 # 3(6), Tbilisi,	p. 111117. 8	N. Berishvili, R. Giorgobiani.
