

1. Melioration Indicators of Soils of Mukhuri Village in Chkhorotsku Municipality. Publisher.agency: Proceedings of the 2nd International Scientific Conference «Research Reviews» (April 20-21, 2023) Prague, Czech Republic, 2023. 239 p ISBN 978-4-1858-6052-9 DOI 10.5281/zenodo.7857286. R. Kharashvilil, E. Kukhalashvili
2. Irrigation efficiency during sowing and vegetation period. Proceedings of the 1st International Scientific Conference «World Scientific Reports №1/ ISBN 978-1-8628-5741-4 DOI 10.5281/zenodo.7338607. Paris, France 2022 Publisher agency 7.339 p. R. Kharashvilil. T. Darsavelidze
3. Economics of potato producing. Georgian Technical University, Quarterly refereed and peer-reviewed scientific journal “Ganatleba”, № 3(38), Tbilisi, 2022.
4. Effective measures against the injurious insect distributed on drupaceous fruits. Georgian Academy of Agricultural Sciences, Journal “Moambe”, Tbilisi, 2022, pp. 83-86, N1(47). M. Machavariani, L. Mamaladze
5. Effects of harmful organisms on grapes and wine from them. Caucasus's International University, IX International Conference, 2021. G. Akhvlediani
6. Evaluation of vine varieties damaged by harmful organisms and wines obtained from them. Conference `Aspects of innovative researches in agrarian sciences”, Collected works, Tbilisi, 2021, pp. 183-187. G. Akhvlediani
7. Determining the main regulatory factors of plum fruit sawfly using mathematical modeling. Georgian Academy of Agricultural Sciences, Journal “Moambe”, Tbilisi, 2022, N1(45), pp. 88-91.
8. Distribution and development of viticides and diseases in Shida Kartli and their impact on the quality of produced wine. Georgian Academy of Agricultural Sciences, Journal “Moambe”, Tbilisi, 2021, N1(45), pp. 92-94. G. Akhvlediani
9. Results of the study of the antiphidant activity of some copper-containing fungicides against plant pests. Georgian Academy of Agricultural Sciences, Journal “Moambe”, Tbilisi, 2021, N1(45), pp. 85-87.
10. Short-distance mobile aerial ropeway skidder unit. National Intellectual Property Center of Georgia Sakpatenti, application AP 2021 15565. Z. Balamtsarashvili, Z. Chitidze, M. Tsutskiridze, V. Abaishvili
11. Effective mixture against the Californian scale-Diaspidiotus perniciosus Comst. Georgian Academy of Agricultural Sciences, Journal “Moambe”, Tbilisi, 2020, N2(44), pp. 86-88.
12. Eucalyptus culture in Georgia and its economic importance. International refereed and peer-reviewed scientific journal “Economics”. Tbilisi 2020, N1-2, pp. 57-62. T. Lachkepiani, T. Gogishvili, T. Darsavelidze
13. Development of the technological scheme N 11 of complex mechanization of forestry work processes. Georgian Technical University refereed and peer-reviewed scientific Journal “Ganatleba”, Tbilisi 2020, N1(28), pp. 213-219. G. Kvaratskhelia, Z. Balamtsarashvili
14. Development of an ecologically harmless N12a technological scheme for the complex mechanization of the work process of mountain foresters. Georgian Academy of Agricultural Sciences, Journal “Moambe”, Tbilisi, 2020, N1(43), pp. 109-113. T. Gogishvili, T. Darsavelidze, M. Akhvlediani, Z. Balamtsarashvili

15. Step-motion conveyor of cutting automatic machine tool of. National Intellectual Property Center of Georgia Sakpatenti, patent P 2020 7093 B, Tbilisi 2020. D. Mosulishvili, Z. Balamtsarashvili, Z. Chitidze
16. Two-sided skidder unit with two pulling ropes for transversal travelling closed contour pulling rope. National Intellectual Property Center of Georgia Sakpatenti, patent P 2020 7088 B, Tbilisi 2020. Z. Balamtsarashvili, T. Mchedlishvili
17. Determination of total pulling force of transversal travelling skidder unit at downward movement of cutted tree on slope. Georgian Technical University, Journal "Transport and Machinebuilding", N1(44), pp. 92-98. M. Akhvlediani, Z. Balamtsarashvili, R. Tkemaladze
18. Ecological technology of wood cutting process on mountain logging areas and modernized self-loader logging unit. International Scientific Journal "Problems of Mechanics", N1(74), Tbilisi 2019, pp. 49-58. M. Narimanashvili, R. Tkemaladze,
19. Determination of total traction force of skidder unit pulling rope. Georgian Technical University, Journal "Transport and Machinebuilding", N3(46) 2019, pp. 89-97. M. Akhvlediani, Z. Balamtsarashvili, R. Tkemaladze
20. Basics of entomology – zoology. Georgian Technical University 28.02.2018, pp. 1-137. Mz. Lobzhannidze
21. Ways to increase the quantity of entomophages in nature. Georgian Academy of Agricultural Sciences, Journal "Moambe", Tbilisi, 2017, pp. 114-116.
22. Dynamics of American white butterfly (*Hypahntia cunea* DR.) in Georgia. Georgian Academy of Agricultural Sciences, Journal "Moambe", Tbilisi, 2017, pp. 105-107. A. Maisuradze, L. Gverdtsiteli
23. Development of an ecologically sound scheme for utilization of mountain wood-cutting areas. International Scientific-practical Journal "Satkeo Moambe", N12, Tbilisi 2017, pp. 45-49. M. Totladze, R. Tkemaladze
24. Versatility of Georgia forests. International Scientific-practical Journal "Satkeo Moambe", N12, Tbilisi 2017, pp. 41-44. D. Mosulishvili
25. Determination of skidder rope unit traction force at rising or lowering of trees. Georgian Academy of Business Sciences, Scientific-practical Journal "Moambe", XXVII, Tbilisi 2017. pp. 52-54. D. Nachkebia, R. Tkemaladze
26. Determination of transversal traveling rope unit traction force at cutted tree handling. Georgian Technical University, Journal "Transport and Machinebuilding", Tbilisi 2017, N1(38), pp. 118-124. G. Darakhvelidze, D. Nachkebia, R. Tkemaladze
27. Technological development of wood-cutting working process. International Scientific-practical Journal "Satkeo Moambe", N12, Tbilisi 2016, pp. 61-66. L. Mezhnashvili, G. Darakhvelidze, R. Tkemaladze
28. Root pests of vegetable crops and their control. Georgian Academy of Agricultural Sciences, Journal "Moambe", Tbilisi, 2016, pp. 98-101.
29. cherry fruit fly (*Rhagoletis cerasi*) and environmentally friendly measures for their control. Georgian Academy of Agricultural Sciences, Journal "Moambe", Tbilisi, 2016, pp. 94-97. E. Orjonikidze, M. Machavariani
30. Monitoring of radionuclides and heavy metals in alluvial soils in the territory of Lentekhi region and management of the fertility of these types of soils. Georgian Academy of Agricultural Sciences, Journal "Moambe", Tbilisi, 2016, pp. 130-131. Danellia, Z. Charkseliani
31. The results of the study of the effect of synthetic pyrethroids on the quantities of the seven-pointed ladybird and goldeye moth in different climatic conditions.

- International Scientific Conference, Tbilisi 2020,15, pp267-270. E. Orjonikidze, M. Machavariani.
32. Pests of forest bushy plants and modern measures to control them. International Scientific Conference, Poland, Poznan University, 2015. G. Gagoshidze, Mz. Lobzhanidze
 33. Rinkites in fruits and their control. International Scientific Conference “Innovative technologieas and Environment Protection”, Kutaisi, Georgia, 2012, pp. 128-130. I. Bujiashvili et al
 34. Efficacy of modern preparations against Californian scale. Georgian Academy of Agricultural Sciences, Journal “Moambe”, Tbilisi, 2012, pp. 106-107. I. Bujiashvili
