

Levan Bubuteushvili

N	Title of scientific works	printed or handwritten	Publishing house, magazine (number, year) or copyright certificate (number, year)	Number of printed plates or pages	Last name of the co-author
1	2	3	4	5	6
1	Mathematical modeling of saturated traffic flow	Print.	Scientific and technical magazine "Transport and machine building" #3, Tbilisi, 2009.	pp.147-152	Z. Bogvelishvili
2	Directory of Motor Transport Terminology (with STU logo)	Print.	Georgian Technical University 2013	pg.166	O. Gelashvili N. Navadze G. Abramishvili and others.
3	Study of the possibility of reducing vibrations acting on the driver of a car by modeling the suspension of her seat	Print.	Scientific and technical magazine "Transport and machine building" #1(26), Tbilisi 2013	pp.73-79	Bogvelishvili V.Z. Iosebidge J.
4	Revealing the reliability indicators of modern cars	Print.	Scientific and technical magazine "Transport and machine building" #2(27), Tbilisi, 2013.	pp.78-84	M.Topuria
5	Prospects for the use of biofuels in motor vehicles	Print.	Scientific and technical magazine "Transport and machine building" #3(28), Tbilisi 2013	pg.5	Bogvelishvili Z.
6	METHODS OF PACKING OF THE ROTORS OF LOWER-POWER ELECTRIC MACHINES	Printed	Международный научный журнал „GEORGIAN ENGINEERING NEWS” Tbilisi, №2(vol.66), 2013г.	pp.64-67	Shushtakashvili V.Sh. Bogvelishvili Z. V.
7	Information systems in logistics and principles of their construction	Print.	INTERNATIONAL TEACH SEMINAR "Transport and logistics of Ukraine in the context of expanding cooperation with the European Union" Lutsk, 05.2015.	2стр.	Topuria N. Mgebrishvili Kh.,
8	Competition in the transport system	Print.	Scientific and technical magazine "Transport and machine building" #2(36), Tbilisi 2016	pp210-213	V.Kharitonashvili

9	About the rational formation of motor transport	Print.	The Fourth International Economic Conference-National Economic Development Models: Yesterday, Today, Tomorrow-IEch-2016	pg 145	
10	Analysis of the methods of evaluating the efficiency of the truck	Print.	Scientific and technical magazine "Transport and machine building" #2(39), Tbilisi 2017	pp 57-63	V.Kharitonashvili
11	Basic issues of traffic safety	Print.	Help guide "Technical University" Griffith, 2017.	pg.128	Bogvelishvili Z.
12	Economic effectiveness of construction-investment project implementation in conditions of risks	Print.	Scientific-technical magazine "Construction", 2(58), Tbilisi, 2021	Pg. 4	
13	Research of nonlinear oscillations of tower buildings during impulse impact using finite element method	Print.	The International Scientific and technical Conference "Problems of Engineering Sciences", Thesis, may 20-22, 2022, Erevan	pg.5
