

List of scientific and educational-methodical works 2014-2024

Giorgi danelia

1. Dynamics of chemical parameters of tomato raw materials common in Iveria bar in Georgia. Production of modular equipment for the purpose of technology. Journal of the Academy of Agricultural Sciences "Moambe" 20(250) **2023**. ISSN 1512 -2743. c. Andriadze, G. Danelia
2. 2. Influence of the world of wild and cultivated plants on the quality of milk. Journal of the Academy of Agricultural Sciences "Moambe" 20(250) **2023**. ISSN 1512-2743. i. Machavariani, G. Danelia
3. MICRO TOXINS AND ORGANOLEPTIC PROPERTIES OF PROCESSED TOMATO PASTE USING ULTRASOUND, DETERMINATION OF ULTRASOUND SPECIFICATIONS. Pending World Journal of Pharmaceutical Research SJIF Impact Factor 8.084 Volume 12, Issue 21, XXX-XXX. Research Article ISSN 2277–7105.**2023**
4. Productivity of the raw materials of the main peach varieties grown in Shua Kartli zone and examination of khilpaf produced from them. Scientific and technical magazine "Hydroengineering", **2023**, ISSN 1512-410X, UAK 663.2. G. Danelia, T. Falavandi Shvili, Z. Geliashvili.
5. Expertise of raw cucumbers grown in greenhouses and open ground and the marinade produced from them Scientific and technical magazine "Hydro-engineering", **2023**, ISSN 1512-410X UAK 663.2. c. Danelia, T. Falavandi Shvili, Z. Geliashvili.
6. Identification of raw milk and finished products sold in Georgia with the standard. Scientific and technical journal "Hydroengineering", **2023**, ISSN 1512-410X UAK 663.2. T. Falavandi Shvili, G. Danelia, T. Goderdzishvili.
7. Seasonal monitoring and productivity of hydrocarbonate mineral waters produced by Borjomi LLC plant. Scientific and technical magazine "Hydroengineering", No. 1-2 (29-30), **2021** ISSN 1512-410X UAK 663.2. G. Danelia, T. Falavandi son.
8. Competitiveness of dry ordinary and branded Georgian table wines in the consumer market. Scientific and technical magazine "Hydro-Engineering", No. 1-2 (29-30), **2021** ISSN 1512-410X. UAC 663.2. T. Falavandi Shvili, G. Danelia.
9. Productivity of wines produced from Meskhur grape varieties restored by "Natenadze Winery" in the international market. Scientific and technical magazine "Hydroengineering", No. 1-2 (29-30), **2021** ISSN 1512-410X. UAC 663.2. T. Falavandi Shvili, G. Danelia.
10. Expertise of raw pea sold in Georgia and domestic and imported canned goods produced from it. Agricultural and economic science and technologies, No. 1-2, **2020** ISSN 1987-6335. UAC 332.2.A.243. G. Danelia, T. Falavandi son.
11. Productivity of the raw materials of the grape varieties common on the Zemo Imereti plateau. Georgian Academy of Agricultural Sciences, Moambe, No. 1(43), **2020** ISSN 1512-2743 UAK [63+338,4+664](08). G. Danelia, T. Falavandi son.

12. Expert case for fast cooking pasta products sold in Georgia. Georgian Academy of Agricultural Sciences, Moambe, No. 1(43), **2020** ISSN 1512-2743. Uak [63+338,4+664](08). T. Falavandishvili, G. Danelia.
13. Productivity of the main apple varieties common in the intensive fruit-growing zone of Shida Kartli. Georgian Academy of Rural Management, Moambe, No. 1(43), **2020** ISSN 1987-6335 UAC 332.2.A.243. T. Falavandi Shvili, G. Danelia.
14. Conser produced from corn flour, native and imported corn kernels distributed on Kolkheti and Iveria bar. for exper. case Agricultural-Economic Sciences and Technologies, No. 1-2, **2020**. ISSN 1987-6335 UAC 332.2.A.243. c. Danelia, T. Falavandishvili.
15. Agricultural-Economic Sciences and Technologies, No. 1-2, **2020**. ISSN 1987-6335 UAC 332.2.A.243. c. G. Danelia, T. Falavandishvili.
16. Storage capacity and quality of feijoa raw materials in the wet subtropical landscape of Western Georgia in dynamics. Agricultural and economic science and technologies, No. 1-2, **2020**. ISSN 1987-6335 UAK 332.2.A.243. c. Danelia, T. Falavandishvili.
17. Village of Gori district Effects of complex fertilizers and teravet applied under maize culture in the accumulation layer of brown soils common in Shindis on the dynamics of mobile nutrient elements. Academy of Agricultural Sciences of Georgia, "Moambe" No. 2, **2018** ISSN 1512-2743 UAC [63+338,4+664](08) G. Danelia, N. Asashvili
18. village of Gori district The effect of complex mineral fertilizers and teravet on the absorption of water-soluble ammonia Ammonia and nitrate nitrogen dynamics from a biotechnological point of view. "Achievements and Prospects of Chemistry" International Journal of STU, **2018** ISSN 1987-6335 UAK 332.2.A.243 G. Danelia, N. Asashvili
19. village of Gori district Chemical characterization of soils common on the Shindis landscape from a biotechnological point of view. Agrarian-Economic Science and Technologies, No. 1 **2018** ISSN 1987-6335. UAC 332.2.A.243 G. Danelia, N. Asashvili
20. Ecochemical examination of domestic and imported wheat grain, flour and bread products made from it in the market segment of Georgia. Agricultural and economic science and technologies, No. 2, **2018** ISSN 1987-6335.
21. The product of sunflower raw materials and edible fatty oils available in the market segment of Georgia. Georgian Academy of Agricultural Sciences, Moambe, No. 2(40), **2018**. ISSN 1512-2743 UAC [63+338,4+664](08). T. Falavandi shvili, . G. Danelia
22. Ecochemical examination of endemic berry crops in the lower forest belt of Mtskhetamtianeti, Georgia. Georgian Academy of Agricultural Sciences, Moambe, No. 2(40), **2018**. ISSN 1512-2743 UAK [63+338,4+664](08). G. Danelia, T. Falavandi shvili.

23. Eco-design of cognac products in the marketing system of Georgia Chemical examination. Academy of Agricultural Sciences of Georgia, Moambe, No. 1(37), **2017**, p. 123-129. impact factor. G. Danelia, T. Falavandishvili,
24. Commodity examination of food products and legal bases. Help Guide, ed. "Technical University", Tbilisi, **2017** year. c. Danelia, T. Falavandishvili.
25. Fresh meat located in the market segment of Georgia Veterinary-sanitary examination. Georgian Academy of Agricultural Sciences, Moambe, No. 1(37), **2017**, pp. 117-122. G. Impak Factoriani Danelia, T. Falavandishvili, M. Tsitsentsadze, N. Natroshvili.
26. Imported coffee in the marketing system of Georgia Ecochemical examination of products. of Agriculture of Georgia Academy of Sciences, Moambe, No. 1(37), **2017**, p. 130-139. Impact factor. G. Danelia, T. Falavandishvili
27. Biological features of lentil culture and its productivity. Academy of Agricultural Sciences of Georgia, Moambe, No. 1, **2016**, p. 115-117. Impact factor. c. Danelia, N. Mikava, Z. Bardachidze.
28. Determining the main chemical indicators of the soil under the stone grove of the Babaneur reserve, from the point of view of its fertility. Academy of Agricultural Sciences of Georgia, Moambe, No. 1(35), **2016** year, p. 49-51. impact factor G. Danelia, T. Falavandishvili, M.Gogitishvili, Z. Chaqseliani.
29. 29. In the territory of Lentekhi district, under conditions of alluvial soils, Monitoring of radionuclides and heavy metals and of the mentioned type Soil fertility management. Academy of Agricultural Sciences of Georgia, Moambe, No. 1(35), **2016** Year, pp. 130-132. Impact factor. c. Danelia, T. Falavandishvili, M. Gogitishvili, Z. Chaqseliani
30. Joint-stock company "Kindzmarauli-Kvareli" factory produces dry, semi-dry and sweet wines in the technological mode of yeasts (wild, cultural) impact of use on qualitative indicators, ecochemical In terms of expertise. of Agricultural Sciences of Georgia Academy Bulletin, No. 34, **2015**, p. 316-323. Impact factor. c. Danelia, T. Falavandishil, Z. Chaqseliani
31. Tea grown under red soil in Ozurgeti region raw materials and black Baikh tea sold in the national market of Georgia Ecochemical examination of products. of Agriculture of Georgia Bulletin of the Academy of Sciences, No. 34, **2015**, p. 324-333. Impact factor. G. Danelia, T. Falavandishil, Z. Chaqseliani
32. Joint stock company produced by "Kotekhi", "Zegaan" and GWS The value of wine material, ecochemical expertise and its competitiveness in the national market. Academy of Agricultural Sciences of Georgia Moambe, No. 33, **2014**, p. 44-52. Impact factor. G. Danelia, T. PhalawandShili, Z. Chaqseliani
33. Laboratory practice in soil ecochemistry. Handbook, ed. Stu, Tb., **2013**. c. Danelia, T. Phalawandishili.

34. Ecochemical investigation of current soils of Korolisskali river. Chemical Journal of Georgia, 13(1), issue, **2013**, p. 127-130. impactFactorial. c. Danelia, J. Varshalomidze, N. Mumladze, I. Kakhniashili.
35. Nitrate nitrogen in common vegetable crops of Georgia Ecochemical expertise in dynamics. of Georgian agriculture Bulletin of the Academy of Sciences, No. 30, February **2012**, p. 219-224. c. impact Factorial. Danelia, T. Falavandishil, A. Thinadze, N. barateli.
36. Local and imported citrus available in Georgia Biological completeness and nutritional value of raw materials of cultures Determining safety from the point of view of ecochemical expertise. of Georgia Bulletin of the Academy of Agricultural Sciences, No. 31, December **2012**, p. 283-295. Impact factor. c. Danelia, T. Falavandishil, Z. Chaqseliani
37. The main leguminous culture spread in Georgia and itsProductivity in terms of ecochemical expertise. of Georgia Chemical Journal, No. 12, **2012**, p. 71-74. Impact factor. G. Danelia, Z. Bardachidze.
38. Laboratory practice in ecochemical examination of food products. Handbook, ed. Stu, Tb., **2011**. G. Danelia, T. Falavandishvili.
39. Storage capacity and ecochemical examination of the main varieties of apple transplanted in Georgia. Chemical Journal of Georgia. N1. **2011** T. Falava-Ndishvili, L. It is a genealogy
40. Importance of ecochemical expertise in terms of determining the biological completeness of food products. Rustaveli National Scientific Foundation of I. Javakhishvili State University of Tbilisi. Conf., ed. "universal" **2011** c. It's Danish
41. Chemicalization of agriculture and environmental protection. (English manual). Society Knowledge **2010** A. Thinadze, R. Lipartelian, N. Mumladze, Kh. Khomasuridze.
42. Determining the ecological purity and biological completeness of the main food products produced from natural resources in Sinamdvili, Georgia. Chemical Journal of Georgia. N1, **2006** T. Falavandishvili, L. gcasalia.
43. Determining the ecological purity and biological value of grain crops. Problems of agricultural sciences. Collection of scientific works.. N=XXXIV, **2006**. G. Danelia
44. Basics of food products. (Manual). Stu. "Technical house". **2000** G. Danelia.
45. Nitrate content in peach fruit in relation to ripening. Republican conference of young scientific workers - chemicalization of agriculture and environment, chap. **1991** A. Thinadze
46. Promotion of tea culture. Methodological instructions, Sakart. Agrarian. Univier. Tb. **1990**. G. Danelia.
47. Basics of fertilizer application system. Methodological guidelines, Agrarian University of Georgia, Vol. **1990** year. G. Danelia.

48. Vegetative and lysemetric methods. Methodological guidelines, Agrarian University of Georgia, Vol. **1989** G. Danelia.
49. Effectiveness of forms of nitrogenous fertilizers on the botanical composition of natural meadows of the Eastern Caucasus mountains. Scientific works of the Agrarian University of Georgia, vol., pp. 42-46. **1987** G. Danelia.
