

Keleptrishvili Shalva

list of works

#	Name	printed el. version	publishing house, Journal (name, number, year)	Numb er of pages	Names of co- authors
1	On the relationship between the formation of large arrays of chemogenic limestones and the intensity of volcanism	printed	Theses of reports of the XIII International Conference "Resource-saving, low-waste and environmental technologies of mineral exploitation" (Tbilisi, Georgia, September 15-21, 2014). M.: People's Friendship University of Russia, 2014. Vol. 1	pp. 475 -476	G. Magalashvili
2	Paleogeographic reconstructions based on the Upper Cretaceous foraminifera and belemnite complex	printed	Proceedings of the LVIII session of the Russian Paleontological Society. Paleontology and Stratigraphic Boundaries, St. Petersburg, 2015.	pp. 68 - 70	Kh. Mikadze, A. Menabde
3	Paleogeographic reconstructions based on Upper Cretaceous foraminifera and cephalopods	printed	Scientific-practical conference on modern problems of geology of Georgia, collection of works, Tbilisi, 2015.	pp. 74 – 80	Kh. Mikadze, A. Menabde
4	Detection of bentonite clay industrial nests in Sarmatian marl rocks in Western Georgia and their genesis	printed	Scientific-practical conference on modern problems of geology of Georgia, collection of works, Tbilisi, 2015.	pp. 90 – 95	A. Magalashvili, G. Magalashvili, G. Kordzadze
45	The paleogeographic model of the Cenomanian - early	printed	STRATI 2015, Ber. Inst. Erdwiss. K.-F.-Univ. Graz, Band 21, Graz, 2015	p. 251	Kh. Mikadze, A. Menabde, K. Bitsadze

	Turonian of Western Georgia based on planktonic foraminifera and cephalopods				
6	On lesions of the rostrums of Early Cretaceous belemnites	el. version	Tbilisi Iv. Javakhishvili State University; The fourth annual conference in exact and natural sciences dedicated to the 140th anniversary of Iv. Javakhishvili's birth http://conference.ens-2016.tsu.ge/lecture/view/496		
7	Distribution of Turonian-Campanian sediments of Odishi of Transcaucasian intermountain region in terms of macrofauna and foraminifera	printed	100th anniversary of the Russian Paleontological Society. Problems and perspectives of paleontological studies. Proceedings of the LXII session of the Russian Paleontological Society. St. Petersburg, 2016	pp. 114 – 116	Kh. Mikadze, A. Menabde, N. Ikoshvili
8	Stratigraphy of the Upper Cretaceous of the periphery of the Dzirula crystalline massif (western Georgia)	printed	Cretaceous system of Russia and near abroad: problems of stratigraphy and paleogeography. Proceedings of the VIII Conference of Russia. Crimea, 2016	pp. 147-148	Kh. Mikadze
9	Impact of climate change on planktonic foraminifera and cephalopods at the Santonian-Campanian boundary in Georgia	printed	35 th International Geological Congress, Cape Town, South Africa. Poster 2016	p. 323	Kh. Mikadze, A. Menabde

10	Once again about the Petrov-Zhukovsky task	printed	Innovative development of the mining industry. International Science. - Technical conference, Kryvyi Rih, Ukraine, 2016	pp. 237	N. Molodini, R. Molodini
11	Late Cretaceous paleogeographic reconstruction based on planktonic foraminifera and cephalopods	el. version	Scientific session "Ancient landscape reconstruction". Scientific session dedicated to I. Shatilova's 85th birthday, 2016 http://museum.ge/index.php?lang_id=GEO&sec_id=100&info_id=14144		Kh. Mikadze
12	Engineering-geological analysis of the landslide section on the Tbilisi bypass road	el. version	Tbilisi Iv. Javakhishvili house University; Fifth Annual Conference on Exact and Natural Sciences http://conference.ens-2017.tsu.ge/uploads/58909742b6b09		L. Gorgidze
13	Some issues of belemnite ecology	el. version	Tbilisi Iv. Javakhishvili house University; Seventh Annual Conference on Exact and Natural Sciences http://conference.ens-2019.tsu.ge/lecture/view/1346		
14	Cretaceous Paleogeological Events (OAE) in Georgia	printed	5th international scientific-practical conference "The strength of the field of geology is a prerequisite for the revival of the economy", collection of works, Tbilisi, 2019	pp. 52 – 57	Kh. Mikadze, I. Kokolashvili
15	On rare lesions of the phragmocones of Early Cretaceous belemnites	printed	Paleontological surveys of the bend of the Don-Dnieper. common science Conference and Paleont. of Ukraine. Proceedings of the Society's XXXIX Session. Kyiv, 2019	pp. 40 – 41	Kh. Mikadze

16	New data on Aptian biostratigraphy and sedimentary sequences of western Georgia	printed	Iv. Javakhishvili Tbilisi State University Al. Janelidze house Proceedings of the Institute of Geology, new series, no. 132, Tbilisi, 2020	pp. 37 - 51	M. Kakabadze, M. Sharikadze, I. Kakabadze, G. Lanchava
17	The problem of ontogeny and phylogeny of Lower Cretaceous belemnites	el. version	Tbilisi Iv. Javakhishvili State University; Eighth Annual Conference on Exact and Natural Sciences http://conference.ens-2020.tsu.ge/uploads/5e30401990d92Shalva-Keleprishvili-ENG.pdf		
18	Biostratigraphy and correlation of Campanian-Lower maastrichtian sediments of Western Georgia (Samegrelo) based on foraminifera and belemnites	printed	Evolution of the organic world as a basis for stratigraphy and correlation of Phanerozoic sediments of Ukraine. Proceedings of the XL session of the International Scientific Conference and Paleontological Society of Ukraine. Kyiv, 2021	pp. 51 - 52	Kh. Mikadze
19	Stratigraphic significance of the Upper Cretaceous belemnites of Georgia	printed	Materials of the XI All-Russian Conference "Cretaceous system of Russia and neighboring countries: problems of stratigraphy and paleontology", Tomsk, 2022.	pp. 132 - 134	
20	Geological review of "Khobi 2HPP" hydrotechnical complex	printed	8th International Scientific-Practical Conference "The strength of the field of geology is a prerequisite for the revival of the economy", collection of works, Tbilisi, 2022.	pp. 57 - 60	G. Tlashadze, L. Gorgidze, M. Nacvlishvili
21	Bioevents at the Santonian/Campania	printed	Organic world of the pre-cambrian and phanerozoic: theoretical and applied	pp. 45-46	Kh. Mikadze

	n boundary of Georgia (the Abasha block and the Khrami massif)		aspects of research. Materials of the International Scientific Conference and XLI Session of the Ukrainian Paleontological Society of the NAS of Ukraine (Kyiv, October 11–12, 2023). Kyiv, 2023.		
22	History of the study of the Jurassic system in Georgia	printed	Jurassic system of Russia: problems of stratigraphy and paleogeography. Materials of the IX All-Russian meeting with international participation. Syktyvkar, September 9–16, 2023	pp. 85 – 88	Kh. Mikadze
23	Early Jurassic belemnites of Georgia	printed	Questions of paleontology and regional stratigraphy of the Phanerozoic of the European part of Russia. All-Russian scientific and practical conference, dedicated to the 225th anniversary since the birth of P. M. Yazykov (Ulyanovsk, September 22 – 25, 2023) Collection of scientific papers	pp. 48 – 50
