

List of scientific and educational-methodical works 2014-2024

Marine Demetradze

1. Thermodynamic evaluation of co-autoclaved oxidative leaching process of feedstock and pyrite concentrate.
Chemical Journal of Georgia. Vol. 15, No. 1, 2015.
M. Gugeshidze, M. Demetradze, I. Bazhdze
2. Environmental protection and engineering ecology (electronic textbook) CD377
Fundamentals of technology BNWI04GA-IS 2017. M. Demetradze
3. Achievements of practical chemistry in Western Georgia (first half of the 17th century) (monograph). Stu, Tbilisi. 2017. R. Chagunava, M. Demetradze, N. Kutsiava
4. Methods of conservation of some food products. Journal of Association of Ceramicists of Georgia. (impact factor) Vol.19.1(37) 2017. R. Chagunava, M. Demetradze
5. "Chemistry-achievements and perspectives" Acad. International-scientific-methodical conference dedicated to the 85th anniversary of G. Tsintsadze's birth. collection of theses, "Methods of preservation of some food products in Western Georgia in the first half of the 17th century". 2018. M. Demetradze, N. Kutsiava
6. Conference - In June 2018, the 86th Open International Scientific Conference of Stu was held. Section - Environmental Engineering and Safety. Speaker Anna Gagua, 2nd year - Faculty of Energy. Topic - "Smog", supervisor - M. Demetradze
7. Bachelor's thesis - "Recycling of tires", the main topic of the bachelor's thesis. 2018, M. Demetradze.
8. Conference - head M. Demetradze - "Lead exposure and human health", where the master's student Ekaterine Makarashvili JG.41859 was awarded with a 2nd degree diploma. 22.06.2019, M. Demetradze.
9. Article - "Factors of electromagnetic harmful effects on the environment".
Stu Prof. V. International scientific and technical conference dedicated to the 80th anniversary of Eristavi. "Environmental protection and sustainable development", Tbilisi, 2019. thesis article.
M. Demetradze
10. Bachelor's thesis - "Processing of polymer material"--Student: Goga Tsitlidze-JG4540, author. June 27, 2019. Signed. M. Demetradze

11. Bachelor's thesis - "Processing of wood waste" student - Nino Guniava, July, 2020.
12. Supervisor of the bachelor's thesis - "Waste management" - Aleko Matinov, JG.4740, July 23, 2021.
13. Supervisor of the bachelor's thesis - student - Givi Megrelidze, "Conditions of placement of household waste and basic methods of decontamination". JG. 4740, July 23, 2021.
14. "Paper waste recycling technology" of the master's thesis - supervisor - M. Demetradze, master's student - Temuri Macharashvili July 16, JG. 41959, 2019-2021
15. "Composting of organic waste" - bachelor's thesis, student - Giorgi Gabadze, 2022, signed M. Demetradze 2022
16. Auxiliary manual - "Inefficient technology of industrial production." Authors: M. Demetradze, I. Geleishvili, N. Bagrationi, Tbilisi, 2022. 199 p.
17. Article "Releasing noble metals from sulphide concentrate of Sakdrisi deposit by autoclave method". Authors: M. Demetradze, I. Geleishvili, N. Bagrationi, Tbilisi, 2023.
