

List of works

Georgian Technical University

Associate Professor Tamar Asatiani

The impact of data warehouses on BI and business performance. Proceedings of the international scientific-practical conference "Modern challenges and achievements in information and communication technologies - 2023". ISBN 978-9941-512-06-3. 12-13.10.2023. p. 298-305. (Co-authors: M. Tevdoradze, I. Giashvili).

Current state of BI-systems and future trends. Collection of works of the international scientific-practical conference "Innovations and Modern Challenges 2022" dedicated to the 100th anniversary of the Georgian Technical University and the 65th anniversary of the IMS Faculty. ISBN 978-9941-28-944-6, 18-19.11.2022. p. 246-250. (Co-authors: M. Tevdoradze, I. Giashvili).

About the creation and implementation of an electronic training course. Proceedings of the International Scientific and Technical Conference "Automated Management Systems and Modern Information Technologies". ISSN 1512-3979, No. 1(10). P. 160-164. 20-21.05.2011. Tbilisi. (Co-authors: T. Lominadze, R. Papiashvili).

Instructional Strategies for e-Learning. AICT2011, Book of Works. 2011. ISBN 978-161284831-0, DOI 10.1109/ICAICT.2011.6110924 (co-authors: T. Lominadze, R. Papiashvili).

E_LEARNING IN GEORGIA: ACHIEVEMENTS, CHALLENGES, FUTURE TRENDS. Books of Abstracts. 2nd International Conference on New Trends in Education and Their Implications. 27-29 April, Antalya, Turkey. 2011. (Co-authors: T. Lominadze, R. Papiashvili).

Instructional Systems Design (ISD): Theory and Practice in Second Life (SL). IODL&ICEM Joint Conference and Media Days. Anadolu University, Turkey, 2010. (co-authors: T. Lominadze, R. Papiashvili).

On the conceptual design of an e-learning course. A collection of works of the Institute of Management Systems of LSI Archil Eliashvili. #14. p. 273-278. 2010. (Co-authors: T. Lominadze, R. Papiashvili).

Using the results of the analysis of the demand function for products in the managerial decision-making process. International periodical scientific magazine "Intellecti". #2(34), Tbilisi, 2009. (co-author: T. Lominadze).

Consumer behavior and product demand function estimation. A collection of works of the Institute of Management Systems of LSI Archil Eliashvili. #13, 2009. (co-author: T. Lominadze).

Problem of Determining Optimal Lot Size with Respect to the Production, Storage, and Quality Criteria. Computing and Computational intelligence, Proceeding of the European Computing Conference, Proceedings of the 3rd international conference on European computing conference (CI'09). pg. 353-356. Tbilisi, Georgia. 26.06.2009. <https://scholar.google.com> (co-authors: Sh. Okujava, I. Giashvili, M. Maghradze).

The task of optimizing the production and storage of products taking into account the quality criterion. Automated management systems. Proceedings, #2(7). 2009. (co-author: T. Lominadze).

Managerial economics. manual. Technical University of Georgia, 2008. (Co-authors: T. Lominadze, R. Papiashvili).

Models of optimal satisfaction of dynamic demand for products (tasks). Periodic scientific magazine "Intellecti" #1. 2002. (co-author: N. Lominadze).

The task of vector optimization of the total cost of production and storage of products. Scientific works of Technical University of Georgia. 2001. (co-author: N. Lominadze).

The task of minimizing the total cost of production and storage of products. Technical University of Georgia, scientific works. 1996. (co-author: N. Lominadze).
