

Scientific works of Prof. Nino Ratiani

List of Works

| | Name | Printed el. version | Publishing house, Journal (name, number, year) | Number of pages | Names of co-authors |
|----|----------------------------------------------------------------------------------------------------------|---------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------|-------------------------------------|
| 1. | Analysis of the emergency ventilation performance parameters for a road tunnel | Printed | The Journal "Georgian Scientists" Vol. 5 Issue 4, 2023 https://doi.org/10.52340/gj.2023.05.04.333 | Pages: 363-366 | O Lanchava |
| 2. | Management of the Health and Safety of Medical Personnel Considering Geographic Characteristics | Printed | Georgian Geographical Journal 2023, Vol.3 (2) | Pages: 5 | S. Gugeshashvili |
| 3. | "Improvement of statistical data on accidents in construction taking into account new legal regulations" | Printed | Scientific engineering informational analytical reference "Mining Journal", #1(46). 2023. | Pages: 76-78. | N.Razmadze, A.Korkotadze |
| 4. | "Assessing construction risk factors and ensuring safety". | Printed | International Scientific Journal "Engineering Science and Innovations", #6 Volume, #4 Petrosani, Romania, 2021. | Pages: 449-458 | N.Razmadze, N.Ilias, N.Machavariani |
| 5. | "Statistical data about serious and fatal accidents at workplaces" | Printed | Georgian Technical University Collection of scientific works, #3 (505), 2017. | Pages: | N.Razmadze |
| 6. | "Fire safety-related works" | Printed | Scientific-technical refereed magazine "Energia", #1 (77), 2016. | Pages: 107-109. | N.Machavariani, N.Razmadze |
| 7. | "Safety of works related to the use of fire at energy facilities" | Printed | Scientific engineering informational analytical reference "Mining Journal", #1 (36), 2016. | Pages: 132-133. | N.Razmadze |
| 8. | "Use of non-commercial areas for public farming for the development and revival of industries" | Printed | International refereed journal "Oil and Gas", #28, 2013. | Pages: 103-108. | N.Bochorishvili, I.Gabrichidze, |

| | | | | | |
|-----|----------------------------------------------------------------------------------------------------------------------|---------|------------------------------------------------------------------|-----------------|------------------------------------------------------------------------------------------------------|
| | | | | | M.Kitoshvili, N.Razmadze. |
| 9. | "Protective device for reducing water evaporation from mirror surfaces in reservoirs" | Printed | International refereed journal "Oil and Gas", #28, 2013. | Pages: 109-111. | N.Bochorishvili , I.Gabrichidze, M.Kitoshvili, N.Razmadze |
| 10. | "Modern methods and main results of studying the physical-mechanical properties of building and paving stones" | Printed | Scientific-technical refereed magazine "Energia", #2 (66), 2013. | | N.Bochorishvili , I.Bochorishvili, M.Kitoshvili, N.Razmadze, M.Khabeishvili |
| 11. | Physical construction and paving stones – the study of the mechanical properties of modern methods and main results. | printed | Scientific – technical journal „Energy”. #2(66), 2013. | Pages: 76 – 79. | N. Bochorishvili, I. Bochorishvili, N. Razmadze, M.Kitoshvili, M. Kchabeishvili |
| 12. | "Resistance of rock materials to resisting pure shear stress" | Printed | Mining Journal, #1 (30), 2013. | Pages: 96-99. | N.Bochorishvili , I.Bochorishvili, N.Razmadze, M.Kitoshvili, |
| 13. | "Methodology for determining the shape and size of the sample during tensile testing of stone materials" | Printed | Mining Journal, #1 (30), 2013. | Pages: 92-96. | N.Bochorishvili , N.Razmadze, I.Bochorishvili, M.Kitoshvili, |
