

№№	List of scientific	Printed or hand write	Publishing house, magazine or authorize certificate	Quantity of printed plates or pages	Co-Autor
1	2	3	4	5	6
1.	Calculation of orthotropic twolayered constant and variable thickness plates by method of initial parameters, part 1	Printed	Scientific journal of IFT MM, "Problems of Mechanics" , 3(40) 2010	6 41-46	J.Bichiashvili
2.	Calculation of orthotropic twolayered constant and variable thickness plates by method of initial parameters, part 2	Printed	Scientific journal of IFT MM, "Problems of Mechanics", 3(40) 2010	5 47-51	J.Bichiashvili
3.	On issue development of plate's design procedure on ax symmetric fluctuations	Printed	Scientific journal of IFT MM, "Problems of Mechanics", 3(40) 2010	4 81-84	J.Bichiashvili
4.	Calculation of orthotropic variable thickness single- layered plates with method of initial parameters	Printed	Scientific journal of IFT MM, "Problems of Mechanics" 4(41)2010	4 126-129	J.Bichiashvili
5.	Calculation of orthotropic constant thickness single-layered plates with method of initial parameters	Printed	Scientific journal of IFT MM, "Problems of Mechanics" 4(41)2010	4 130-133	J.Bichiashvili
6.	On issue development of plate's design procedure on ax symmetric fluctuations	Printed	Scientific journal of IFT MM, "Problems of Mechanics", 3(40) 2010	4 81-84	J.Bichiashvili

№№	List of scientific	Printed or hand write	Publishing house, magazine or authorize certificate	Quantity of printed plates or pages	Co-Autor
1	2	3	4	5	6
7.	Calculation of orthotropic variable thickness single-layered plates with method of initial parameters	Printed	Scientific journal of IFT MM, "Problems of Mechanics" 4(41)2010	4 126-129	J.Bichiashvili
8.	Calculation of orthotropic constant thickness single-layered plates with method of initial parameters	Printed	Scientific journal of IFT MM, "Problems of Mechanics" 4(41)2010	4 130-133	J.Bichiashvili
9.	Stress deformation systems condition research. Cuts and cracks Thin walled spatial	Printed	GTU Journals 2022	2	N.Areshidze, L.Korganasvili, N.Chorkafuli
10.	Thin-walled spatial with slits and cracks Examination of the stress-deformation state of systems	Printed	GTU Journals 2022	2	N.Areshidze, L.Korganasvili, N.Chorkafuli
11.	Calculation by numerical, methods of shell polygonal foundations	Printed	International Conference 2023	2	G.Kipiani; T. Magradze
