

Department of Engineering Mechanics and Construction Technical Expertise No. 101,

Assistant Liana Kvartskhava

Scientific work 2010-2023

№	Title of scientific works	Printed or handwritten	Publisher, journal (issue, year, website) or copyright certificate number	Number of printed pages or pages	Co-author's last name
1	2	3	4	5	6
1	The problem of bending of transversely-isotropic circular thick plate with thermal field taken into consideration	printed	Georgian Technical Universiti. Applied Mechanics. Transactions. Tbilisi, 2010, pp.106-111	6	D.Gorgidze
2	Thermo-electroelasticity Equilibrium Transtropic Bodies in a Spherical Coordinate Sistem	printed	Several Problems of Applied Mathematics and Mechanics. Nova Publishers, New York, 2013 pp. 165-176	12	D.Gorgidze Z. Siradze I. Ramishvili
3	Thermoelastic equilibrium of a transtropic elliptic cylinder	printed	Georgian Engineering News, №3,vol.83, 2017. pp. 5-9 Tbilisi, Publishing House "Technical University" ISSN 1512-0287 https://gen.techinformi.ge/ (in Russian)	5	D.Gorgidze, N.Gulua
4	Electroelastic equilibrium of a cylindrical panel	printed	Georgian Engineering News, №3,vol.83, 2017. pp. 10-13 Tbilisi, Publishing House "Technical University" ISSN 1512-0287 https://gen.techinformi.ge/ (in Russian)	4	D.Gorgidze, N.Gulua
5	Theoretical mechanics. Methodical instructions for laboratory work	printed	Publishing House "Technical University" 2019, ISBN 978-9941-28-402-1	214	D.Gorgidze, L.Jikidze, Z.Tsitskishvili, M.Losaberidze
6	Aqsial-Simmetrical electrically elastic Equilibrium of cylinder body	printed	Georgian Engineering News, №2,vol.91, 2020. pp. 12-14 Tbilisi, Publishing House "Technical University" ISSN 1512-0287 https://gen.techinformi.ge/ (in Russian)	3	
7	Analytical description of the potentially dangerous landslide surface of a mountain rock slope	printed	Building, Scientific-Technical Journal. №4(60), 2021. pp. 51-57 (in Georgian) https://mshen-journal.ge	7	T. Kvitsiani
8	Impact of Underground Waters on the Stability of the Mountain Rock Slope. Depression Surface Equation	printed	Georgian Technical Universiti, Collection of scientific works, №1(523), 2022, pp. 217-230 (in Georgian) ISSN 1512-0996	13	T. Kvitsiani
