

List of scientific works of T. Apriashvili

N	Title of works	Printed or handwritten.	Journal (year, issue, p.); Collection of conference papers or reports (conference title, date, place, p.) Number of pages	Number of pages	Co-authors
1	Analysis of neutral operation options for a network with voltage up to 69 kV	Printed	"Energy", 2017, N4(84). pp. 42-48.	7	
2	Analysis of overvoltages caused by single-phase grounding in an isolated neutral network on the example of a 35 kV network	Printed	Printed "Energy", 2018, N4(88). pp. 33-39.	7	
3	Principles of single-phase short-circuit relay protection in 6-35 kV voltage networks	Printed	"Intellectual", 2019, No. 37. pp. 163-167.	5	
4	Analysis of neutral operation modes in autonomous systems with isolated neutral 87th Open International Scientific Conference of GTU Students.		87th Open International Scientific Conference of GTU Students. 2019 Tbilisi
