## Projects & Grants

Name of the project/grant: "Screening of antiviral activity of indole-containing condensed systems for use in veterinary medicine" NP450. STCU.  
Position: main performer  
Donor: UNTC  
Leader Organization: GTU  
Start | End Date: 2012-07-23 - 2012-07-22

Name of the project/grant: Novel benzothiophene-based indole-containing condensed systems with potential antituberculosis activity: synthesis and screening.  
Position: main performer  
Donor: STCU-410  
Leader Organization: GTU  
Start | End Date: 2008-01-03 - 2010-12-30

Name of the project/grant: Novel indole-containing fused systems with potential antituberculosis activity: synthesis and screening.  
Position: main performer  
Donor: ISTC G-825  
Leader Organization: GTU  
Start | End Date: 2003-07-22 - 2005-07-21
