

Irma Kokolashvili

Personal Information

Name Surname: **Irma Kokolashvili**
Date of Birth: 1971-07-21
Sex: Female
Citizenship: Georgian
Phone: 599748279
Email: i.kokolashvili@gtu.ge

Education

Academic Degree: Ph.D./Equivalent to Ph.D
Educational Institution: Georgian Technical University
Qualification: Ph.D. degree in geology
Date of grant: 2011-04-19
Country: Georgia

Academic Degree: Master's/Equivalent to Master's
Educational Institution: Georgian Technical University
Qualification: Major in Geological Engineering
Date of grant: 2000-02-24
Country: Georgia

Work Experience

Organization: Georgian Technical University
Structural Unit: Department of Applied Geology
Position: Associate Professor
Date of commencement of work: 2021-10-02
Date of completion of work: till today

Organization: Georgian Technical University
Structural Unit: Department of Applied Geology
Position: Associate Professor
Date of commencement of work: 2017-10-02
Date of completion of work: 2021-10-02

Organization: Georgian Technical University
Structural Unit: Department of Applied Geology
Position: Head teacher
Date of commencement of work: 2013-09-23

Date of completion of work: 2017-09-11

Organization: Georgian Technical University
Structural Unit: Department of Applied Geology
Position: head of the museum
Date of commencement of work: 2011-10-03
Date of completion of work: till today

Organization: Georgian Technical University
Structural Unit: Department of Applied Geology
Position: Museum manager
Date of commencement of work: 2007-10-10
Date of completion of work: 2011-08-01

Organization: Georgian Technical University
Structural Unit: Department of Applied Geology
Position: Performer of technical works
Date of commencement of work: 2007-09-03
Date of completion of work: 2007-10-10

Organization: Georgian Technical University
Structural Unit: Department of Geology and Paleontology
Position: Museum manager
Date of commencement of work: 1996-01-31
Date of completion of work: 2004-05-24

Organization: Georgian Technical University
Structural Unit: Department of Geology and Paleontology
Position: laboratory assistant
Date of commencement of work: 1993-09-01
Date of completion of work: 1996-01-31

Qualification Raising

Trainings

Organization: Georgian Technical University
Subject: Computer Skills and Google Services
Country: Georgia
Date: 2023-02-28

Projects & Grants

Name of the project/grant:	Ivrispireti in the Upper Miocene: To clarify the fossil primate record of the South Caucasus #217626
Position:	A key contributor, a palynologist.
Donor:	Shota Rustaveli National Science Foundation
Leader Organization:	National Museum of Georgia
Start End Date:	2016-01-10 - 2019-09-30

Name of the project/grant:	"Volkswagen Foundation" grant: The role of the South Caucasus in early human evolution and settlement: a refugium, a crossroads, or a long-term residence?
Position:	Main performer
Donor:	Volkswagen Foundation
Leader Organization:	National Museum of Georgia
Start End Date:	2012-01-01 - 2014-12-31

Conference, Symposium, Award

- 2023-04-03 - Changes in vegetation on the territory of Western Georgia in the Pliocene-Early Pleistocene time (according to palynological analysis)
- 2022-04-08 - Palynostratigraphy of Sarmatian deposits of Eastern Georgia
- 2022-04-08 - The main stages in the development of flora and vegetation of Western Georgia in the Chauda time
- 2022-06-01 - Stages of vegetation development on the territory of Georgia in the Late Cenozoic
- 2019-07-09 - The first pollen data from the Upper Sarmatian deposits of the Chachuna. Late Miocene paleoenvironmental context for Ioricolobus
- 2019-05-23 - Cretaceous Paleoecological Events (OAE) in Georgia
- 2019-04-05 - Palinostratigraphy of the Sarmatian of Eastern Georgia
- 2019-04-05 - Pollen of the genus Disanthus Maxim. (Hamamelidaceae) from Miocene deposits of Georgia
- 2018-09-11 - Research of the New Late Miocene fossil vertebrate site Chachuna

- 2018-09-11 - The paleobiological characteristics of Meotian deposits of Abkhazia (pollen and foraminifera)
- 2017-04-05 - The main stages of development of coniferous forests of Georgia in the Cenozoic
- 2016-09-12 - The main stages of climate and vegetation change in Western Georgia in the Late Cenozoic
- 2016-09-12 - Western Georgia as a refuge for tertiary elements of Eurasian floras (using the example of the family Hamamelidaceae)
- 2016-04-11 - Results of palynological study of Sarmatian deposits of Eastern Georgia
- 2015-04-07 - Interpretation of palynocomplexes of Sarmatian deposits of Eastern Georgia using the landscape-phytocenological method
- 2015-04-06 - On the geological history of the main sedimentary basins on the territory of Georgia in Sarmatian times (according to palynological analysis)
- 2012-04-06 - Palynological justification for stratigraphic division of the Sarmatian deposits of Eastern Georgia
- 2010-05-12 - The importance of palynological analysis for the stratigraphy of Sarmatian sediments in Eastern Georgia
